News about Strimaxx

Since 2018, we have concentrated sales, logistics and printing at our headquarters in Renchen. We redesigned our website www.strimaxx.de and started with a successful relaunch in summer. Innovative, chic umbrella models complete our range. Everything in proven Top-Strimaxx quality. Let yourself be inspired by our new catalogue.

The MAXX Reverso Cover picture

Standing independently

Due to the arrangement of its umbrella tips the MAXX Reverso stands independently.

Upside-down effect

Closes inversely and stands out with its special upside-down effect.

Double coverage

Different inside and outside cover: available from stock in blue, orange, red, light green, light blue and yellow.

Wet umbrella cover inside

The special construction of the MAXX Reverso covers the wet umbrella fabric inside.

This you should know about the umbrella

The good old things still exist.

The Classic MAXX is the father of all Grand Hotel Concierge umbrellas.

A robust (16cm) wooden shaft, 130cm diameter, ideal for two persons and perfect for all situations when you need a big, classic umbrella—heavy rain and a stretch limo stops in front of a 5**** Hotel, a celebrity walks the red carpet, or the bride needs to get to the church in her wedding dress crossing the street.

What are the unique features?

The Retro MAXX is something special, voted by several fashion magazines to be a „hip“ and stylish accessory. This umbrella is a real eye-catcher, even if it is not raining. The elegant shoulder strap, means it can be easily and elegantly carried when not in use.

This you should know about the umbrella

Fair MAXX is a beautifully designed, precision made standard umbrella matching, from the top, through the matt black handle with elegant button and shaft, to the tips of its fibreglass ribs.

What are the unique features?

Fair MAXX is the perfect umbrella. Beautifully designed, elegant, colour accessorised, with perfect automatic open/close technique.

Clap MAXX

Ultra Engineering – Ultra Comfortable

This you should know about the umbrella

Practical handling combined with one of the best innovations since umbrellas were invented. The Clap MAXX doesn't only spare packing together wet umbrellas but also time and nerves in bad weather.

What are the unique features?

Normally umbrellas fold only in width automatically. The Clap MAXX is able to return to its small starting position by pushing a button. To prevent the umbrella of folding accidentally the closing button is set into the end of the handle and can only be released after pulling it back.

Competiveness

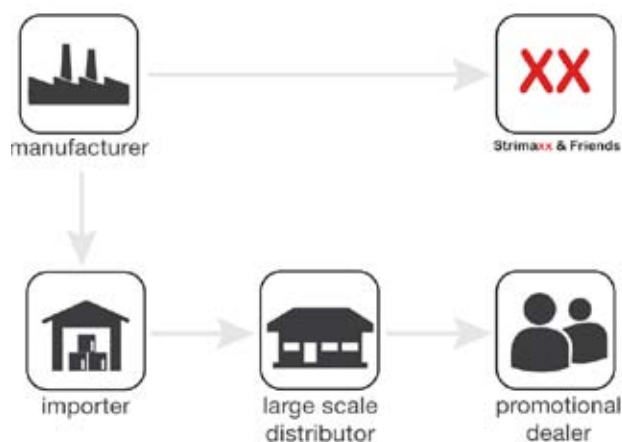

We offer an ideal service package to our customers:

We use our existing know-how concerning textile production, technology – including screen printing – and global sourcing.

Thereby achieving scaled-down prices from which our customers benefit.

In summary: very good service, superior level of quality – even with manufacture of lesser items – and attractive costs. In addition a great stock programme comprising telescopic, regular, shoulder and XXL-umbrellas amongst others.

We consistently deliver stock orders, with printing, within a few days, according to your wishes. The scope of supply and services is from complete containers to individual orders delivered by messenger service.

Custom orders

Sollte wir einmal kein ideales Produkt aus unserem Sortiment anbieten können - kein Problem, wir nehmen gern Herausforderungen an: Was wir nicht auf Lager haben, fertigen wir an!

Unsere Mitarbeiter und Entwickler wissen, worauf es ankommt und können Sie fachmännisch beraten.

Hierbei spielt es keine Rolle, um welche Größen, Materialien oder besonderen Einsatzgebiete es sich handelt. Durch unsere hauseigene Produktion ist ein fachübergreifendes Arbeiten möglich, was gerade bei Neuentwicklungen für ein durchdachtes - und im Ergebnis perfekten- Produkt wichtig ist. Kurze Kommunikationswege sorgen für einen reibungslosen Ablauf und dem Austausch von Fachwissen zwischen Produktentwicklung, Design, Einkauf, Vertrieb, Produktion, Druckveredelung und Logistik.

Unsere Stärke: Sinnvolle Produktlösungen, die bis ins Detail geplant sind und alle Anforderungen berücksichtigen, die der Nutzer hat –oder haben könnte.

Wenden Sie sich an unsere Mitarbeiter, die Sie gern unverbindlich beraten.

Your reliable Manufacturer and Importer of Textile Promotion Goods – 8 convincing arguments

- We also manufacture ourselves: We can do many articles in our own German production site :
- All import procedures & customs clearance
- Delivery in time
- We assist to develop your ideas and design your layout
- We offer logistic services, domestic printing
- Decades of experience with imports from Asia
- Very competitive price/performance
- Regular overseas production site visits

Tailor made orders – fast orders – small orders-samples

Hotel program of Strimaxx & Friends

Apart from umbrellas (from p. 4) and garment bags (from p. 36) which can be printed individually for hotels, we also manufacture many other products according to individual customer requirements.

Slippers & Hotel Guest Shoes

Hotel slippers or hotel guest shoes are a classic product among accessories and are available in various qualities, shapes and colours. Also with anti-slip sole, closed or open toe.

Whether printed or with embroidery, we individualise your hotel slipper according to your wishes.

Umbrellas

At Strimaxx you will find a large selection of umbrellas. Even budget umbrellas meet our high quality standards: as guest umbrella in hotel rooms or as a regular umbrella to take from the concierge desk, if your guests are surprised by bad weather.

Portiers also use umbrellas to protect guests from rain and snow on arrival or departure. We have the right model for you.

Wash nets & laundry bags

We offer laundry bags and washing nets for hotel rooms in a large selection, in different sizes and colours. With individual printing, your washing nets and laundry bags are uniquely marked. For example, when hotel laundry is handed over

to external laundries for cleaning. This prevents mistakes and wrong allocation. Wash nets are a practical and gentle help.

Cotton- and Non woven carrier bags

Our carrier bags are made of 100% cotton or 100% pure PP material, without fillers or other chemical additives. The bags are absolutely odourless and therefore also suitable for food.

A cheap, sustainable and ecologically harmless

advertising medium, which your guests will use for long.

A sustainable brand strengthening with little effort.

Shoe bags & Shirt bags

Here, too, the following applies: you can positively surprise the guest with the little things of everyday hotel life. A cheap, but nevertheless beautiful and noble looking shirt bag.

Reliably protects every shirt and every blouse against

dirt and wrinkles. Ideally suited for cleaning in the hotel's own laundry. Your guest will always remember this when he takes his shirt or blouse out of this bag.

Garment bags

A suit cover is a nice, good-looking and popular advertising medium for hotels. For the guest there is no other advertising medium with such a big difference between perceived value and the actually low cost.

Take advantage of our wide range of products: from simple, inexpensive clothes covers to luxury bags, which nevertheless cost much less than you and your guest would expect.

Individual Service - Specials

Services for our hotel customers:

- Broad product range for the hotel industry
- competent advice from experienced professionals
- Fast processing & punctual delivery
- On request call & logistics service
- Convincing price/performance ratio
- Individual production according to your wishes

E. g. you are looking for:

- Large concierge umbrellas with individual printing for an event?
- Tablecloths in a special colour with print for a company presentation?
- Red aprons for a Christmas gala?

Call us or send us an email - what we do not have in stock, we will manufacture for you.

Superior Price-/Performance

TOP Quality

Quality and Know-How – what makes us unique

As an experienced producer we have the inside know-how. Every day we cut, sew and print cloth and other fabrics in our plant in Germany. This knowledge is combined with production of promotional textiles. In addition, contracted providers abroad produce for us, following our specifications.

Our philosophy: Even a plain, low-cost PP-bag has got to be an optical and tactile experience – neatly printed and finished – for something very valuable is at stake – your reputation.

Important Notes

Colours, measurements and weight

The featured colours are without obligation and may differ from the original.

Information on measurements and weight are seen to be circa-statements, deviations may be possible. Declarations on colour by Pantone and HKS are produced according to C (Pantone) and K (HKS). A 100%-analogy with these scales cannot be guaranteed due to appearance and workmanship of the products. Subject to alterations in colour, optics and technology.

Transfer printing on demand. To enable cost proposal management we require the logo in original size for examination in advance.

Optional - at an extra cost we willingly provide you with samples of all our products.

We assume no liability for any errors.
